On B4E ...

The Faculty of Management and IT of Karel de Grote University College in Antwerp presents the English programme "Business for Exchange". A programme for exchange and local students in Autumn and Spring semester.

Business for Exchange (B4E) offers three different tracks per semester. Each track consists of a fine selection of courses presented by both guest and home lecturers. All modules are taught in English. Most subjects are open to all Business Management students. Some specialized courses require preliminary knowledge or skills in specific fields of Business Management. The courses are also open to Belgian students as electives, hence ensuring further opportunities for integration with local students.

At the beginning of each semester, we organise "Orientation Days" for all incoming students. A detailed programme will be sent to the students once accepted.

Academic calendar

	AUTUMN SEMESTER	SPRING SEMESTER
Orientation days	11 - 13 September	29 - 31 January
B4E modules period 1/3	16 September	3 February
Deadline changes to Learning Agreement	4 October	21 February
Half term holidays (1 week)	28 October	24 February
Examinations	4 November	23 March
B4E module, period 2/4	11 November	30 March
Seasonal holidays (2 weeks)	23 December	6 April
Examinations	6 January	1 June
End of semester	27 January	19 June
Farewell event	To be decided	To be decided

International Office

At the Campus of Business Management and Administration you'll find a skilled and enthusiastic international team. **Students can contact us whenever they have a problem and we will try to make their stay in Antwerp an unforgettable experience.**

ENGLISH LANGUAGE REQUIREMENTS

We recommend incoming students to master the English language sufficiently to participate actively in the courses. Level B2 is highly recommended.

If a student's proficiency in English does not allow active participation, there is a potential higher risk of failing assignments and examinations. This is entirely the **responsibility of the sending institution**.

Students can take English (or other) language lessons at their own expense in the language center of the University of Antwerp. See www.linguapolis.be. For applications and fees, please contact Linguapolis directly.

ASSIGNMENTS AND EXAMINATIONS

Every lecturer decides which type of evaluation is appropriate for his or her course. You can find the specific course information on our [website](#). Sometimes grading is based on a combination of several evaluations (e.g. post-assignment, group work, presentation, examination). The most common types of evaluation are:

Intake test: in case there is a pre-assignment (e.g. reading articles or parts of a course book) a test at the beginning of the course can determine your level of knowledge.

In-between assignments: used to evaluate on a regular basis (for regular courses).

Post-assignments (e.g. paper, report): are to be sent in by email (some weeks) after the course.

Examinations: written examinations always take place at the end of a 6 week period.

The **retake exams** will take place in August 2020. Retake exams can only be organized (if mentioned in the course description) upon request of the student.

Retaking assignments: conditions and practical arrangements: see the ECTS study-guide on our website: <https://ects.kdg.be>

Retaking written examinations:

- at KdG campus Groenplaats, Nationalestraat 5, 2000 Antwerp
- in the same period as the re-examination of our own local students: 17 Aug.- 2 Sept.

Procedure:

- The student informs the International Office of the home university that he/she wants to take a second chance exam.
- The student sends a request by e-mail to KdG (B4E@kdg.be) with his/her name and the course(s) that he/she wants to retake. NO REQUEST = NO EXAM
- Students have to retake the exam(s) at KdG. It is not possible to retake the exam(s) from a distance in your home university.
- The type of evaluation (exam, assignment, paper, ...) can be different from the first exam chance and can be looked up in the ECTS-guide: <https://ects.kdg.be>
- Afterwards, KdG sends a new Transcript of Records to the home university and the student.

The KdG education and examination regulations are applicable to all exchange students and can be found on the [KdG website](#).

ACADEMIC RECOGNITION

In order to be able to measure and compare the learning achievements and to transfer them from one institution to another, the European Community has developed a tool that guarantees academic recognition: the European Community Course Credit Transfer System (ECTS). It is a credit system based on the students' workload, which involves lectures, seminars and self-study. In other words, it includes all work needed to prepare for an examination. The basic allocation of the academic credit system is 60 credits per year of study or 30 credits per semester.

We only accept students who enroll for a workload of between 20 and 32 ECTS credits per semester.

Credits are awarded only when all required course examinations have been successfully completed. Grades are awarded using the local grading system of a score on 20 points. The local grades can then be converted following the ECTS grading system.

An official ECTS grading table will be sent to the home institution together with the Transcript of Records. The table on the following page gives insight in our grading system.

The home institution will be responsible for the full recognition of credits and grades awarded to the student.

Local Grade	ECTS Grade	
20, 19, 18	A	Excellent
17, 16	B	Very good
15, 14	C	Good
13, 12	D	Satisfactory
11, 10	E	Sufficient
9	Fx	Tolerable failure
6	F	Complete failure

COURSE MATERIAL

Course materials depend on the courses for which students are registered. Books and syllabi will be available on our electronic learning platform 'Canvas', at the library or at the Shop. The maximum cost will be around 50 euros.

INSURANCE

It is compulsory for all foreign students to arrange their health insurance and third-party liability insurance themselves, before arrival. The validity of the insurances must cover the whole stay of the students.

Health insurance means adequate coverage for medical costs in case of illness or injury.

Third-party liability insurance covers you in case you are sued for compensation by a third party, where they feel that they have suffered a loss as a result of your negligence or carelessness.

In case you are successfully sued by a third party, your third party insurance will cover the costs of damages awarded against you and of any legal costs that you have incurred as a result of disputing the case.

For more [information](#), please contact insurance@kdg.be.

INTERNSHIPS

Every year a number of students ask us to support them in finding an internship in Belgium. Note that the KdG International Office only helps students from a limited number of partner institutions. In these cases, internships (SMP) are especially agreed on and mentioned in the bilateral agreement between institutions. Check with your home institution. Other students can ask for information concerning legal and practical issues concerning their internship, but we will not provide a placement for them.

For more information, please contact internships.mit@kdg.be

RESIDENCE PERMIT

Registration at the Migration Office is necessary for:

- students of non-EU member states
- students who will study two semesters in Belgium (EU and non EU members)
- students who want to work in Belgium (EU and non EU members)
- students who want to open a bank account in Belgium (EU and non EU members)

The procedure is explained on [our website](#)

Online Application Procedure 'Mobility Online'

We use an online tool to register and follow up all student mobilities.
This tool is called Mobility Online.

NOMINATION DEADLINE

1st semester (Autumn semester): 15 May 2019
2nd semester (Spring semester): 15 November 2019

NOMINATION BY INTERNATIONAL COORDINATOR

The sending institution nominates the students through a nomination form (Excel). The international coordinator of the sending institution receives this file by email, together with this brochure. Afterwards, he/she fills out the nomination file and sends it back to KdG by mail: B4E@kdg.be.

Afterwards, the student receives a confirmation e-mail. This e-mail contains a manual on how to use Mobility Online and also the necessary information to log in to Mobility Online (login and password).

REGISTRATION INCOMING STUDENTS

In the workflow of Mobility Online, students have to complete different steps, starting with their registration. After registration they have to complete the application details and upload a certificate stating their current level of English.

After approval of the application, students are invited to compose and sign their Learning Agreement.

Each step will be checked and approved (or rejected) by the International Office of KdG. The application is complete when the student enters the step : [AI] Exchange confirmed by KdG.

All these steps have to be completed well before arrival.

Technical helpdesk Mobility Online: international@kdg.be

For any other questions on Business for Exchange, please contact us via:
B4E@kdg.be

CHANGES TO THE LEARNING AGREEMENT

Once Business for Exchange has started, students are allowed to change the Learning Agreement before the communicated deadline (see academic calendar).

TRANSCRIPT OF RECORDS

We will upload the Transcript of Records and the Confirmation of Study Period in Mobility Online. Students can download it and hand it over to the coordinator of their home university.

Information on the Grading Conversion Table and the procedure of the second chance exams will be sent to the student by mail at the end of the study period.

The Learning Agreement

Please pay attention to the following important remarks concerning the composition of the Learning Agreement:

- Please select courses within 1 track (= area of specialization) per semester. You may NOT combine courses of different tracks in the same semester!
- We accept min. 20 credits and max. 32 credits/semester.
- Read the prerequisites that are mentioned in each course description very carefully. Without this preliminary knowledge, students can't participate in the course.
- Important for full academic year students:
 - The following courses have basically the same content, you can only choose one of them: Intercultural Communication (autumn), Cross-Cultural Communication (organised in autumn) and Intercultural Communication (organised in spring).
 - The courses in the track International Entrepreneurship will be identical in autumn and spring. Therefore you can choose this track either in autumn or in spring, but not in both semesters.
 - International Business Law, Managerial Psychology, Import & Export Management and Dutch Foreign Language will be offered in both semesters, but they are exactly the same. You can only attend these courses in one semester, so in autumn OR in spring.

We are still working on our timetable for the next academic year. This will be available from September. Please read the latest version of this course catalogue on [our website](#).

Courses & timetables

The different courses cover the current domains in the 3rd year of the Bachelor of Business Management and Administration. We offer courses in the following study fields ("tracks"):

SEMESTER 1: · International Entrepreneurship
Marketing and Management
International Business Management

SEMESTER 2: International Entrepreneurship
Marketing and Management
International Business Management
