

Who are we

In 2017 Energetic Lighting and Nordlux joined forces in the Nordlux Group to become a top 3 company in the European consumer lighting market. We offer a complete range of lighting products from mass market LED bulbs to award-winning designer products with build-in LED. We offer these in our own brands as well as private label to big European retailers and produce more than +300 million products a year.

Our growth and our ambitions now calls for additional talent to our Antwerp (Kontich) office.

Why are we hiring

LED technology is advancing continuously – and we are now looking for a Product Supporter to assist the Product Manager with handling changes to the assortment and to support our sales organization.

You will be part of the Product Management and Marketing team – working closely with colleagues from our R&D center and factory in China, as well as our European sales and marketing organization.

They daily task include

- Product documentation
- Product system input and maintenance of our own and external European databases
- Providing certificates to customers
- Artwork revision and validation
- Samples and technical data preparation for yearly tenders

Who are we looking for

Bachelor level is required, preferably in the field of marketing, communication or business administration; Excellent level of Dutch and English language is required, French is recommended.

To be a success in this job, you need to thrive with structure, be a service-minded teamplayer with good communication skills and capable of working with IT systems and programs (SAP, Excel, powerpoint).

What does Nordlux has to offer

You will work in a dynamic open-minded growing company with offices in Xiamen, Aalborg and Kontich with lots of freedom and responsibilities in your work.

Work with colleagues and customers from all around Europe and be part of a company that wants to improve people's quality of life with light.
