

Join KEYENCE as our new General Accountant

Who are we?

Keyence is a multinational Japanese company with a strong global presence, providing high-tech products such as sensors, microscopes and advanced vision measurement systems. Keyence has flourished into a global leader in the industrial automation industry. We have rapidly expanded to 45 countries with 200 offices serving over 200,000 customers residing in 100 countries.

“Keyence is a young and international company, active in multiple countries. Internal support is always provided, and our company really focusses on our personal development. In our team specifically, I like that you continuously get the possibility to learn and develop your accounting skills in many different areas; mainly CIT and VAT, starting from your BGAAP knowledge. I also like that we are always open for suggestions and improvement ideas from the team.”

- Finance Teamleader

Who are we looking for?

- Are you passionate about accounting and interested to develop your career in a dynamic and growing environment?
- Do you have clear communication skills and a good grasp on the English language?
- Do you have knowledge and/or experience with Belgian GAAP accounting principles?
(Knowledge of VAT/CIT principles and non-deductible cost are considered a plus.)
- Are you interested to expand your skillset and learn more about accounting from an international perspective?
- With a degree in accounting (or related) and minimum 2-3 years of relevant experience within the Belgian accounting system, we can help you boost your career.

What does the job look like?

With your strong sense of accuracy and high level of ownership, you will join our dynamic Accounting Department and get an overview of the entire accounting process. We work mainly with the Belgian accounting system, but you will also receive the chance to expand your skills by learning more about the international processes.

- Balance sheet and profit and loss
- Accounts consolidation and reconciliation
- Accurate and timely monthly, quarterly and year end closing
- Preparation of VAT/CIT declarations and statistical reporting
- Reports/analysis on a monthly base for other departments
- Internal and external audits

- Accounts payable, bank statements and payments
- Manage vendor accounts

Why should you join us?

We offer an indefinite contract duration and a varied function in a stable but growing company. You will join a diverse team with motivated and stimulating colleagues. KEYENCE invests in its people by offering them continuous learning and growing opportunities; we provide inside trainings and the opportunity to become an expert in your field. Finally, we offer an attractive salary package with extra-legal benefits such as; meal-vouchers, eco-cheques, overtime payment, hospitalization and group insurance, and public transport reimbursement.

We are in [Forbes 55 top most innovative companies](#) and we are currently ranked No 7 on the [BCG 2018 Value Creators Rankings](#):
