

# How will you make a difference?

It is a question we ask all our students and staff too.  
Doing something meaningful.  
It is what we all strive for at KdG.

## APPLIED SCIENCES?

We are practice-oriented, preparing students for a future professional career. We teach them how to apply their knowledge through case studies, real projects and internships. So when the time comes, they step into work with confidence.

## WHY KdG?

- International classrooms - set class sizes
- Student-centred, tailored learning and support
- Internships and study exchanges abroad
- Springboard to work or a master's degree
- Internationally-recognised degrees
