APPLIED SCIENCES?

Practice-oriented programmes prepare students for a professional career. Emphasis is on applying knowledge through projects, internships and real-life case studies. KdG graduates are equipped with the know-how and confidence to discover and pursue their ambition.

WHY KDG?

- **Employability** – excellent prospects for graduates.
- **Quality** – accredited university. expert teaching.
- **Inclusiveness** – highly diverse international classrooms.
- **Teaching style** – practical, student-oriented, personal.
- **Antwerp** - hip student city at the centre of Europe.
- **Great facilities** - 7 campuses. FabLab. Entrepreneurs centre. On-site sports complex. Cosy coffee bars.
- **Excellent value.** Low fees. Skills for life.

WHY BELGIUM?

- An international, multicultural population
- Home to the EU – right at the heart of Europe
- Economically and culturally progressive
- Excellent quality of life. Top-tier healthcare

"I can't believe how much I have grown in less than two years. I almost feel like a real professional."

Vasilena, 2nd year student

"My time at KdG shaped me into the person I am today. I wouldn't change it for the world."

Elisa, Alumnus

"We organise contact evenings with our 100+ industry partners to improve our programme and keep it up to date"

Ann Gielis, programme coordinator,
Applied Computer Science

*"KdG cares a lot about its students,
like through the creation of the
International Student Council. It feels
as though we are being heard and
taken care of. KdG helps students to
connect with each other as well as
with the staff, and this kind of social
aspect is important to me."*

Lisa, 2nd year student.

By connecting with more than 250
international partners in education
and global professional practice, we
believe strongly in collaboration.

KdG looks to the future through
research, innovation, sustainability.
